INTAN JAYA- In a mission to nurture the future of Papua, the **Infantry Battalion Task Force (Satgas Yonif) Raider 509 Kostrad**, under the **HABEMA Operations Command**, continues its **Free Nutritious Food Program (MBG)** in **Sugapa District, Intan Jaya, Central Papua**. Now entering its third week, this initiative is proving to be a beacon of hope for school children, ensuring they

receive daily healthy meals to support their growth, development, and learning focus. Monday, February 17, 2025.

Every morning, **TNI soldiers personally visit schools**, distributing rice, protein-rich side dishes, and fresh fruits to students. Beyond just providing food, they take the time to educate the children on the **importance of balanced nutrition**, helping them understand how a proper diet contributes to their health and future potential.

Lieutenant Colonel **Inf Dian D. Setyadi**, Commander of **Task Force Yonif 509 Kostrad**, expressed his appreciation for the continued success of the program despite challenges in the field.

"We are committed to sustaining this initiative to ensure Papuan children receive nutritious food for a better future. The positive response from the community, teachers, and students fuels our motivation to keep pushing forward," he stated.

Through the MBG Program, **Task Force Yonif 509 Kostrad**, along with other TNI units in Intan Jaya, aims to make a tangible impact on improving the **quality of life** in the region, particularly for children who represent the future of Papua.

Major General **TNI Lucky Avianto**, Commander of **HABEMA**, commended the program's ongoing efforts, highlighting its role in supporting Papua's development.

"The Free Nutritious Food Program (MBG) is a reflection of TNI's dedication to addressing basic community needs and accelerating regional progress. This initiative goes beyond security—it's about building a stronger and healthier future for Papua."

With unwavering commitment, the **TNI Habema Task Force** continues to prove that true national strength lies not only in security but also in compassion, care, and active contribution to society's well-being.
